10. Keep the following in mind when entering duets and groups at the state level: The National Level has a "cross-over rule" that does not exist on the state level. The Cross Over Rule states that: You do NOT have to be entered in a solo category to enter a duet or group, however, you can NOT enter a DUET, where one of the individuals is competing on their own in a category (such as country) and the other individual is competing on their own in a different category, (such as gospel). If either or both have entered solos, they must BOTH be entered in a country category, (new or traditional country), to enter a duet in "country" or a gospel category (new or traditional gospel) to enter a duet in "gospel". This same rule applies to GROUPS on the national level.
